Preface

These Philippine Bidding Documents (PBDs) for the procurement of Goods through Competitive Bidding have been prepared by the Government of the Philippines for use by any branch, constitutional commission or office, agency, department, bureau, office, or instrumentality of the Government of the Philippines, National Government Agencies, including Government-Owned and/or Controlled Corporations, Government Financing Institutions, State Universities and Colleges, and Local Government Unit. The procedures and practices presented in this document have been developed through broad experience, and are for mandatory use in projects that are financed in whole or in part by the Government of the Philippines or any foreign government/foreign or international financing institution in accordance with the provisions of the 2016 revised Implementing Rules and Regulations of Republic Act No. 9184.

The Bidding Documents shall clearly and adequately define, among others: (i) the objectives, scope, and expected outputs and/or results of the proposed contract or Framework Agreement, as the case may be; (ii) the eligibility requirements of Bidders; (iii) the expected contract or Framework Agreement duration, the estimated quantity in the case of procurement of goods, delivery schedule and/or time frame; and (iv) the obligations, duties, and/or functions of the winning bidder.

Care should be taken to check the relevance of the provisions of the PBDs against the requirements of the specific Goods to be procured. If duplication of a subject is inevitable in other sections of the document prepared by the Procuring Entity, care must be exercised to avoid contradictions between clauses dealing with the same matter.

Moreover, each section is prepared with notes intended only as information for the Procuring Entity or the person drafting the Bidding Documents. They shall not be included in the final documents. The following general directions should be observed when using the documents:

- a. All the documents listed in the Table of Contents are normally required for the procurement of Goods. However, they should be adapted as necessary to the circumstances of the particular Procurement Project.
- b. Specific details, such as the “*name of the Procuring Entity*” and “*address for bid submission*,” should be furnished in the Instructions to Bidders, Bid Data Sheet, and Special Conditions of Contract. The final documents should contain neither blank spaces nor options.
- c. This Preface and the footnotes or notes in italics included in the Invitation to Bid, Bid Data Sheet, General Conditions of Contract, Special Conditions of Contract, Schedule of Requirements, and Specifications are not part of the text of the final document, although they contain instructions that the Procuring Entity should strictly follow.

- d. The cover should be modified as required to identify the Bidding Documents as to the Procurement Project, Project Identification Number, and Procuring Entity, in addition to the date of issue.
- e. Modifications for specific Procurement Project details should be provided in the Special Conditions of Contract as amendments to the Conditions of Contract. For easy completion, whenever reference has to be made to specific clauses in the Bid Data Sheet or Special Conditions of Contract, these terms shall be printed in bold typeface on Sections I (Instructions to Bidders) and III (General Conditions of Contract), respectively.
- f. For guidelines on the use of Bidding Forms and the procurement of Foreign-Assisted Projects, these will be covered by a separate issuance of the Government Procurement Policy Board.

2.2	<p>Guidelines on GPPB Reso 26-2019 for the procurement of Petroleum, Oil and Lubricant Products.</p> <ol style="list-style-type: none"> 1. For purposes of payment, the bid price, discount and the delivery cost stated in the contract shall be fixed from the time of the bidding through the term of the contract. Delivery should be done within two (2) days from receipt of winning bidder's Notice to deliver. The amount to be paid by the procuring entity for POL requirements actually delivered and duly received by it shall be: <ol style="list-style-type: none"> 1.1 For the MOPS index, the bid price, less the discounts offered, if any, plus or minus the MOPS week on week price adjustments, the delivery cost stated in the contract, at the date of actual delivery [Payment = (bid price – discounts) +/- (MOPS week on week price adjustments) + (DC)]; 2. The supplier will provide a detailed price adjustment for its POL products actually delivered, as part of its billing (weekly price adjustments for WP index, daily traded MOPS pricing, and ICIS pricing adjustment), together with its certification under oath that: <ol style="list-style-type: none"> 2.1 The supplier's week on week price adjustments are based on the daily prices traded in MOPS for products using the MOPS index; 3. Illustrative Example Computation

For example, first delivery is on the end of 2nd week February (i.e. February 15) for AVGAS.

1. Bid price at 3rd week Jan (i.e. Jan. 18) P20.00/liter (fixed)
2. MOPS week on week Price Adjustments: difference between average of the past week and the average of present week; check daily traded MOPS pricing which is in US dollars per Barrel (bbl):

2.1. Week 0, Jan. 18: Monday MOPS price at \$60/bbl+ Tue MOPS price at \$63/bbl + Wed MOPS price at \$64/bbl+ Thurs MOPS price at \$62/bbl + Friday MOPS price at \$60/ bbl, divide by 5, to get the average.

2.2. Week 1, Jan. 25: Monday MOPS price at \$61/bbl+ Tue MOPS price at \$63/bbl + Wed MOPS price at \$64/bbl+ Thurs MOPS price at \$64/bbl + Friday MOPS price at \$62/bbl, divide by 5, to get the average.

2.3. Thus: week 0 ave. \$61.8/bbl – week 1 ave. of \$62.8/bbl, = increase of \$1/bbl for week 1 (Jan.25).

2.4. Get weekly average for week 2. Get difference from week 1 (Jan. 25) against week 2 (Feb. 1). The difference is the week on week price adjustment for week 2. Repeat process on getting week on week price adjustments until first delivery date (Feb.15)

2.5. Convert the peso to dollar and the barrel to liters (1 Oil Barrel to 159 liters) per week. Use the Bangko Sentral ng Pilipinas (BSP) exchange rate at the end of the week.

3. MOPS week on week price adjustments:

+ (0.33/liter	Jan 25)
+ (0.00/liter	Feb 01)
- (0.07/liter	Feb 08)
+ (0.27/liter	Feb 15)

Total Price, as adjusted	P 20.87/liter
Volume	* 10,000 liters
Price * Volume	P 208,700
DC	+ P 500 (fixed)
Actual payable delivered Feb.15).	<u>P209,200</u>
